I, (we) the undersigned (applicant) hereby apply for monthly residential garbage collection service from Farmington City and for monthly sanitary sewer service from the Central Davis County Sewer District (the "District") for the property as listed above. Billing for both services is provided by Farmington City. In consideration for services provided, Applicant agrees to:

- Comply with all Farmington City ordinances, rules, and regulations which are now or hereafter may be in effect pertaining to the City's garbage collection service.
- Comply with all District rules and regulations which are now or hereafter may be in effect pertaining to sanitary sewer service.
- Permit the City, its agents and/or employees to enter upon the exterior property at the address shown above at all reasonable times for purposes necessary to render garbage collection service including the maintenance, repair or replacement of garbage collection containers.
- Permit the District, its agents and/or employees to enter upon the property at the address shown above at all reasonable times for purposes necessary to render residential sanitary sewer services.

- Timely pay all fees for service due and owing, including any “late penalty fee” on utility billing statements (entire unpaid balance) for residential garbage collection and sanitary sewer services as set forth by City ordinances, rules and regulations which are now or hereafter may be in effect.
- If an account remains delinquent such that service could be disconnected pursuant to City ordinances, rules, and regulations, the City shall assess a reconnect fee to the account without actually disconnecting service and will then invoice the Homeowners Association for all past-due balances, including the reconnect fee, and the HOA will pay the invoice. The HOA may, in its discretion, seek legal remedies against the applicant to recover all amounts invoiced by the City, and any other administrative costs incurred by the HOA.
- Notify City when moving from the property listed above.
- Leave the City-owned garbage container, provided by the City, at the property upon moving.

All utility billing statements and any notices related to payment delinquencies will be mailed to Applicant at the address listed herein. It is the applicant’s responsibility to assure that the address for notice is correct.
